Database Mapping Schema: Municipality Questionnaire (Part 5)

This schema maps the visual elements of the PDF/HTML form to the underlying database structure based on the provided source code.

Part V: Loans & Unpaid Liabilities

Inferred Database Table: mp_270126_p5a.csv (or similar wide-format table)

Data Structure: Single Row per ULB (Wide Table Approach). The HTML input names suggest that every metric for every year is a distinct column in the database table associated with the Municipality ID ('mp_id').
